Tools: Canva, SendGrid, Google Search Console, LinkedIn, Excel, Google Sheets, HTML/CSS, GitHub, Supabase, and Vercel

Professional Experience

Marketing Coordinator

D & R Technical Solutions — Vestal, NY | October 2025–Present

- Manage day-to-day marketing as the company's sole marketing staff member, including social media, email campaigns, blog posts, website updates, and SEO.
- Create content that explains technical manuals, interactive electronic technical manuals (IETMs), training, and e-learning services for rail, government, and commercial audiences.
- Research prospective customers, government contracts, and industry events to support outreach and identify new business opportunities.
- Plan monthly content campaigns and targeted email outreach, including messaging for prospective rail industry customers.
- Update website copy and HTML, research keywords, and review search performance through Google Search Console.
- Built a CRM prototype and help lead the design and ongoing development of an internal system for contacts, companies, proposals, tasks, contracts, and marketing activities.
- Define CRM requirements and workflows, including company locations, vendor registration tracking, individual dashboards, and page access needs.
- Support trade show planning through exhibitor research, prospect lists, outreach materials, and follow-up content. Share weekly progress, priorities, and decisions with the team.

Marketing Assistant

MediaBrush Marketing — Binghamton, NY | October 2023–October 2024

- Prepared client reports using marketing analytics and helped the team communicate results.
- Supported daily projects, answered client calls, and coordinated information across departments.

Marketing Coordinator

Spinnr — Philadelphia, PA | April 2022–October 2023

- Coordinated social media and created campaign content for Spinnr and Instamour.
- Worked with the team on app ideas and messaging for people connecting through shared interests.

Additional Experience

Blog Writer

Superstitious Times — Toronto, Canada | May 2022–Present

- Research topics and write blog articles, organizing information into clear, readable stories.

Marketing and Fundraising Coordinator

True Friends Animal Welfare Center — Montrose, PA | October 2021–February 2022

- Organized a holiday fundraiser, designed Christmas cards, and prepared donor mailings.
- Maintained the mailing list and created social media posts to support fundraising efforts.

Independent Projects

Novellow

- Developing a personal app project, shaping its visual style, features, and overall user experience.

Get Lifted Fitness App

- Developing a fitness app with a visual style connected to Novellow. Plan exercise content and character illustrations for calisthenics, free weights, and gym equipment.

Salem Map

- Created a Salem map project to organize places of interest and support trip planning.

Community Leadership

Founder and Event Coordinator

Binghamton Ladies Club — Binghamton, NY | November 2025–Present

- Grew the group from 3 to 40 members in less than a month and raised more than $1,000 for events.
- Manage member communication, event planning, budgets, RSVPs, and fundraising.
- Oversee interest groups and coordinate gatherings, including community barbecues and book club activities.

West Potomac High School Reunion — Volunteer Marketing and Event Planning

- Created promotional materials, ticket updates, and sponsor outreach for a combined three-class reunion. Helped research venues and communicate event details.

Education

Bachelor's Degree in Computer Science

University of the People | 2023–2025

Associate's Degree in Business Management

Eastern Gateway Community College | 2018–2021

Additional Background

Experience in machine learning data annotation, website and social media support, administrative work, and teaching. Previous roles include Elleco, DIYA Research, and Chess Wizards.
